

CHEVIGNON ^B

CHEVIGNON earliest mature variety on marked

Advantages:

- Early variety with fast finishing.
- Best resistance against leaf and ear diseases.
- High lodging resistance

Cultivation:

Nitrogen fertilisation has to be well split to ensure good protein content.
Suitable for late sowing dates.

Short profile:

---- = very low resistance/early/short,

++++ = very high resistance/late/long

Plant Development

Vitality

Winter hardiness medium-high

Drought resistance high
