

SU HYVEGA^A

Advantages:

- Compensation type
- A-quality with very high and stable hectolitre weight
- Good winterhardiness

Short profile:

---- = very low resistance/early/short,

++++ = very high resistance/late/long

Plant Development

Vitality

Winter hardiness 7 (high)

Plant Health

Quality

SU HYVEGA ^A

Plant development and vitality:

Ear emergence	
Maturity	
Winter hardiness	7 (high)
CTU-tolerant	yes

Yield structure:

Yield structure	Compensation type
Ears/m ²	
Grains/ear	
TGW	

Straw:

Plant height	6 (medium-high)
Lodging resistance	

Disease resistance:

Mildew	
Septoria leaf blotch	
Yellow rust	
Brown rust	
DTR	
Fusarium	
Eye spot	

Quality:

Hagberg / Falling number	
Hagberg stability	Medium
Zeleny / Sedimentation value	
Protein content	
Water absorption	
Flour extraction	
Loaf volume
