

ZOLLERN SPELZ

Advantages:

- Modern spelt variety with high yield and traditional flavour
- Sole spelt with high standing power and good disease resistance
- Stable yield on poor soils

Cultivation:

Fits particularly for rough and humid locations. Highly recommended for organic farming.

Short profile:

---- = very low resistance/early/short,

++++ = very high resistance/late/long

Plant Development

Quality

ZOLLERN SPELZ

Plant development and vitality:

Ear emergence	
Maturity	

Yield structure:

Ears/m ²	
Grains/ear	
TGW	

Sowing:

Time of sowing	medium early till medium late
Seed rate	locally adapted

Straw:

Plant growth regulator	slightly more
------------------------	---------------

Disease resistance:

Mildew	
Septoria leaf blotch	
Brown rust	

Fungicides for intensive cultivation:

Early treatment	case by case
Final treatment	according standard

Quality:

Hagberg / Falling number	
Zeleny / Sedimentation value	
Protein content	
Flour extraction
